

Is your business on the web?

At last an Affordable and Easy Web Site Solution.

It is common knowledge that if your business does not have a web presence, then you are being left behind. More and more consumers are using the web to find local products and services online instead of using the yellow pages. Getting a web site can be a daunting and time consuming task let alone expensive. Well we have the solution!

The BrakeQuip Dealer Web Program.

Your business can now have a **professionally designed, Search Engine Optimized (SEO), fully editable complete web system**. With as little as 5 minutes of your time you can sign up and we'll do the rest. Stop missing out on the thousands of people in your area who use the internet for their primary source of information and start reaping the rewards of a 24/7 advertisement for your business.

A Small Investment with big returns.

For only \$14.99 per month plus a one time \$25 set up fee, it's time you became visible to this huge market of potential customers. Act now so that your competition doesn't have the edge on you.

Program Details

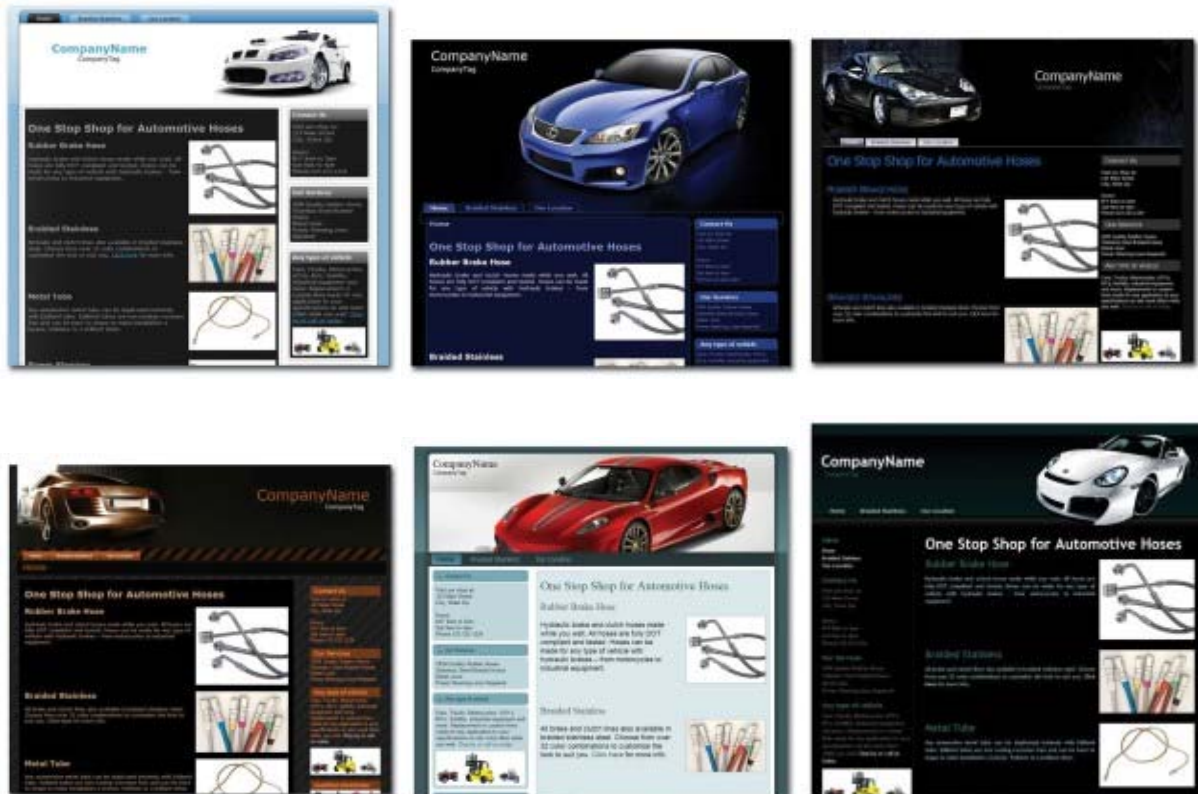

For only 14.99 per month you get:
